to date there has been a significant gap in existing knowledge about the social history of music in Britain from 1950 to the present day the three volumes of live music in Britain address this gap and do so through a unique prism that of live music the key theme of the books is the changing nature of the live music industry in the UK focused upon popular music but including all musical genres via this focus the books offer new insights into a number of other areas including the relationship between commercial and public funding of music changing musical fashions and tastes the impact of changing technologies the changing balance of power within the music industries the role of the state in regulating and promoting various musical activities within an increasingly globalised music economy and the effects of demographic and other social changes on music culture drawing on new archival research a wide range of academic and non academic secondary sources participant observation and a series of interviews with key personnel the books have the potential to become landmark works within popular music studies and broader cultural history the third volume covers the period from live aid to live nation 1985 2015

the social history of music in Britain since 1950 has long been the subject of nostalgic articles in newspapers and magazines nostalgic programmes on radio and television and collective memories on music websites but to date there has been no proper scholarly study the three volumes of the history of live music in Britain address this gap and do so from the unique perspective of the music promoter the key theme is the changing nature of the live music industry the books are focused upon popular music but cover all musical genres and the authors offer new insights into a variety of issues including changes in musical fashions and tastes the impact of developing technologies the balance of power between live and recorded music businesses the role of the state as regulator and promoter the effects of demographic and other social changes on music culture and the continuing importance of do it yourself enthusiasts drawing on archival research a wide range of academic and non academic secondary sources participant observation and industry interviews the books are likely to become landmark works within popular music studies and broader cultural history

music production in the music city considers how music is produced in specific urban contexts music production in the music city features four case studies from a diverse set of cities Berlin Nashville Chennai and Brisbane to investigate how music comes to be created in locally specific music production contexts these case studies inform a thorough examination of the various factors that shape music production practices specific to urban contexts the author uses a new conceptual framework called the undersong to analyse the aural foundations of a city examining how policy design can help or hinder a productive music production scene this is a cutting edge contribution to music city studies and will be of great interest to researchers postgraduates and advanced undergraduates studying music production and world music this book will also be of interest to those involved in urban policy work related to the live and recorded music industries

in its 114th year billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

the Bloomsbury Handbook of Popular Music Policy is the first thorough analysis of how policy frames the behavior of audiences industries and governments in the production and consumption of popular music covering a range of industrial and national contexts this collection assesses how music policy has become an important arm of government and a contentious arena of global debate across areas of cultural trade intellectual property and mediacultural content it brings together a diverse range of researchers to reveal how histories of music policy development continue to inform contemporary policy and industry practice the handbook maps individual nation case studies with detailed assessment of music industry sectors drawing on international experts the volume offers insight into global debates about popular music within broader social economic and geopolitical contexts
