co creative placekeeping in los angeles is a novel examination of los angeles based socially engaged art sea practitioners equitable placekeeping efforts a new concept equitable placekeeping describes the inclination of historically marginalized community members to steward their neighborhood s development improve local amenities engage in social and cultural production and assert a mutual sense of self definition and the efforts of sea artists to aid them emerging from in depth interviews with eight southern california artists and teams co creative reveals

how artists engage community members sustain relationships and defy the presumption that residents cannot speak for themselves drawing on these artists and theoretical analysis of their praxes the book explicates equitable community engagement by exploring not just the creative projects but also the underlying phenomena that inspire and sustain them community engagement relationships and defiance what further sets this book apart is how it deviates from the conventional who and what of sea projects to foreground the how and the why that inspire and necessitate collectively creative action co creative is for anyone studying arts based community development and gentrification given it complicates and enriches the current conversation about art s undeniable and increasingly controversial role in neighborhood change it will also be of interest to researchers and students of urban studies

the first english language volume to explore the work of architect leopold fischer and the inaugural study of his california legacy in 1936 leopold fischer 1901 1975 in exile from nazi germany arrived in california where he created a small but distinct oeuvre of mostly domestic architecture in contrast to his famous peers rudolph schindler and richard neutra immigrants whose southern california buildings are frequently examined and who like fischer studied with the modernist architect adolf loos fischer and his california structures have until now escaped the attention of architectural history exiled in l a examines fischer s important yet overlooked contributions to southern california architecture as the whereabouts of fischer s archives remain unknown volker m welter grounds the designer s california works in comparison with his pre exile projects and the compositions of fellow architects in california in the 1920s fischer created experimental working class housing estates in germany that pioneered ecological construction and living practices comparable to their predecessors fischer s california buildings revolve around the functioning the organization of a home as he defined domestic architecture in 1926 featuring new photography and detailed architectural plans this book is an original contribution to the literature on southern california s built heritage

black and brown in los angeles is a timely and wide ranging interdisciplinary foray into the complicated world of multiethnic los angeles the first book to focus exclusively on the range of relationships and interactions between latinas/os and african americans in one of the most diverse cities in the united states the book delivers supporting evidence that los angeles is a key place to study racial politics while also providing the basis for

broader discussions of multiethnic america students faculty and interested readers will gain an understanding of the different forms of cultural borrowing and exchange that have shaped a terrain through which african americans and latinas os cross paths intersect move in parallel tracks and engage with a whole range of aspects of urban living tensions and shared intimacies are recurrent themes that emerge as the contributors seek to integrate artistic and cultural constructs with politics and economics in their goal of extending simple paradigms of conflict cooperation or coalition the book features essays by historians economists and cultural and ethnic studies scholars alongside contributions by photographers and journalists working in los angeles
