the main debates in the philosophy of time have centred on whether a theory with events ordered by pastness presentness and futurity or b theory ordered by earlier than or later than are equally fundamental emiliano boccardi l nathan oaklander and erwin tegtmeier instead uphold the russellian theory or r theory and consider not only the fundamental differences but also its superiority they argue mctaggart's misinterpretation of russell has led to a false dichotomy between the a and b theories while exploring the connection between temporal relations temporal facts and time in defence of the r theory they argue how it offers a metaphysical explanation of the nature of time in addition to investigating whether ontological theories of time can be considered from a moral or existential point of view using an ontological approach this volume clarifies what is mistaken about both theories can only be resolved by adopting a russellian philosophy reaching beyond the a theory vs b theory debate

the Lloyd's register of shipping records the details of merchant vessels over 100 gross tonnes which are self propelled and sea going regardless of classification before the time only those vessels classed by Lloyd's register were listed vessels are listed alphabetically by their current name

in order to interpret historical writings the reader must not employ their modern understanding of the world but must strive to grasp the mindset of the original audience to assist the twentieth century new testament reader in understanding the literal meaning of the new testament is the goal of this collection of essays the social world of Jesus and the gospels provides the reader with a set of possible scenarios for reading the new testament how did first century persons think about themselves and others did they think Jesus was a charismatic leader why did they call God Father were they concerned with their gender roles the eight essays in this collection were previously published in books and journals generally not available to many readers carefully selected and edited this collection will be both an introduction and an invaluable source of reference to Bruce Malina's thought

Ford Frick is best known as the baseball commissioner who put the asterisk next to Roger Maris's record but his tenure as commissioner carried the game through pivotal changes television continued integration west coast expansion and labor unrest during those 14 years and 17 more as National League president he witnessed baseball history from the perspective of a man who began as a sportswriter this biography of Frick whose tenure sparked lively debate about the commissioner's role provides a detailed narrative of his career and the events and characters of mid 20th century baseball

empirical research provides the basis for a comprehensive depiction of evangelical Christian men who self identify as sexual addicts losing the bond with God sexual addiction and evangelical men offers a humane and constructive understanding of this issue treating it from an objective perspective rather than the Christian perspective that is common to writings on the subject based on her own qualitative study of self identified evangelical sex addicts the author shows how these men must overcome the compartmentalization of their lives and improve the integration of religion marriage and sexuality if they are to break their destructive patterns the book addresses many of the most dominant issues specific to sexuality within the evangelical movement such as sexual purity gender roles attitudes regarding homosexuality and marriage it begins with a framework for understanding the evangelical movement and its stance on sexual issues and ends with a cumulative summary about evangelical men who self identify as sexual addicts direct quotes and personal experiences from interviews are woven throughout the study and appendices provide a detailed description of the author's research

New York Times bestseller the classic work that predicted the anxieties of a world upended by rapidly emerging technologies and now provides a road map to solving many of our most pressing crises explosive brilliantly formulated the Wall Street Journal future shock is the classic that changed our view of tomorrow its startling insights into accelerating change led a president to ask his advisers for a special report inspired composers to write symphonies and rock music gave a powerful new concept to social science and added a phrase to our language published in over fifty countries future shock is the most important study of change and adaptation in our time in many ways

future shock is about the present it is about what is happening today to people and groups who are overwhelmed by change change affects our products communities organizations even our patterns of friendship and love but future shock also illuminates the world of tomorrow by exploding countless clichés about today it vividly describes the emerging global civilization the rise of new businesses subcultures lifestyles and human relationships all of them temporary future shock will intrigue provoke frighten encourage and above all change everyone who reads it
