the chapters in this volume study transnational social relationships and cross border connections between ordinary people that arise from the increasingly large scale mobilities and migrations between thailand and the west while thai and western people s social relationships are usually studied as personal stories within a cross border marriage migration perspective this book considers it necessary to see them as more than marriage migration even though a focus on the personal life stories of marriage migrants provides valuable insights it can also mask consideration of the structural context of socially embedded cross border connections and exchanges as well as state restrictions that first make people s decisions to move a possibility in the first place and second shape a migrant s post migration life trajectory and experiences relative to others in their origin and settlement societies the chapters on thai women who marry and move with older

western men western men and women who move to thailand to retire or for leisure and thai rural families transformed by mobilities and migration try to draw out their gendered experiences of transnational living the individual choices that shaped these lives and the surprising prevalence of lives like these in thailand and abroad needs to be understood within context as an outcome of the specific globalisation processes that have shaped thailand through transnational links to other parts of the world over the last decades globalisation and penetration by foreign capital cultures and people through mass tourism is key to this explanatory backstory as well as the internal rural urban cleavages that drive thailand s economic development this book was originally published as a special issue of the journal of ethnic and migration studies

this textbook provides future data analysts with the tools methods and skills needed to answer data focused real life questions to carry out data analysis and to visualize and interpret results to support better decisions in business economics and public policy data wrangling and exploration regression analysis machine learning and causal analysis are comprehensively covered as well as when why and how the methods work and how they relate to each other as the most effective way to communicate data analysis running case studies play a central role in this textbook each case starts with an industry relevant question and answers it by using real world data and applying the tools and methods covered in the textbook learning is then consolidated by 360 practice questions and 120 data exercises extensive online resources including raw and cleaned data and codes for all analysis in stata r and python can be found at gabors data analysis com

the first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts america

during the vietnam war the u s sought to undermine hanoi s subversion of the saigon regime by sending vietnamese operatives behind enemy lines all the commandos were killed or captured with many reporting false information this book traces the rise and demise of this secret operation
