extensive review of church architecture art and decoration in mexico well illustrated

covers colonial architecture in the two westernmost provinces of the reino de guatemala audiencia capitania general a region largely isolated from the rest of central america mexico until recent times the buildings of this region known as chiapas reflect the soc that produced them the geographical setting the conquest christianization of the natives the ethnic composition of the population 47 buildings are discussed supported by material from contemporary sources as well as by photos measurements gathered on the sites this catalog of archival texts will be useful not only to historians of art architecture but also to archaeologists anthropologists ethnohistorians working in chiapas photos drawings

victoria bricker shows that history sometimes rests on mythological foundations and that myth can contain valid historical information her book which is a highly original critique of postconquest historiography about the maya challenges major assumptions about the relationship between myth and history implicit in structuralist interpretations the focus of the book is ethnic conflict a theme that pervades maya folklore and is also well documented historically the book begins with the spanish conquest of the maya in chapters on the

postconquest history of the maya five ethnic conflicts are treated in depth the cancu revolt of 1712 the quisteil uprising of 1761 the totonicapan rebellion of 1820 the caste war of yucatan 1847 1901 and the chamulan uprising in 1869 analytical chapters consider the relationship between historical events and modern folklore about ethnic conflict bricker demonstrates that myths and rituals emphasize structure at the expense of temporal and geographical provenience treating events separated by centuries or thousands of miles as equivalent and interchangeable an unexpected result of bricker s research is the finding that many seemingly aboriginal elements in maya folklore are actually of postconquest origin and she shows that it is possible to determine precisely when and more important why they become part of myth and ritual furthermore she finds that the patterning of the accretion of events in folklore over time provides clues to the function or meaning of myth and ritual for the maya bricker has made use of many unpublished documents in spanish english and maya as well as standard synthetic historical works the appendices contain extensive samples of the oral traditions that are explained by her analysis

a collected set of congressional documents of the 11th to the 55th congress messages of the presidents of the united states and correspondence of the state dept many of these pamphlets have been catalogued separately under their respective headings

vols for 1893 1923 includes section reviews

when geoffrey groundhog pops out of his hole to predict the weather he is blinded by television cameras and lights and is unable to see if he has a shadow no one in town knows how to proceed so geoffrey needs help fast
