in these several pieces i have worked to trace out possible interfaces between specific scripture references and matters at the forefront of our common social life it is my hunch that almost without fail such an interface creates a very different angle of vision for any element of our common social life because it situates such a topic in the context of the biblical narrative that is occupied by the holy agency of god such an alternative angle of vision helps to defamiliarize us from our usual discernment according to the master narrative of democratic capitalism that is most widely shared across the spectrum of conservatives and progressives because our common angle of vision shared by progressives and conservatives has a very low ceiling of human ultimacy we all of us easily come to think that our particular reading of social reality is absolute and beyond question even if dominated by a tacit ideology it is my bet that an interface with biblical testimony can and will deabsolutize our excessive certitude and permit us to look again at the social facts that are in front of us i do not think and do not suggest that such interfaces with scripture are inevitable they are rather suggestive impressionistic and fleeting the kind of linkage that is available in the matrix of faith that is not fixed on certitude
