in these several pieces i have worked to trace out possible interfaces between specific scripture references and matters at the forefront of our common social life it is my hunch that almost without fail such an interface creates a very different angle of vision for any element of our common social life because it situates such a topic in the context of the biblical narrative that is occupied by the holy agency of god such an alternative angle of vision helps to defamiliarize us from our usual discernment according to the master narrative of democratic capitalism that is most widely shared across the spectrum of conservatives and progressives because our common angle of vision shared by progressives and conservatives has a very low ceiling of human ultimacy we all of us easily come to think that our particular reading of social reality is absolute and beyond question even if dominated by a tacit ideology it is my bet that an interface with biblical testimony can and will deabsolutize our excessive certitude and permit us to look again at the social facts that are in front of us i do not think and do not suggest that such interfaces with

scripture are inevitable they are rather suggestive impressionistic and fleeting the kind of linkage that is available in the matrix of faith that is not fixed on certitude

yale required reading collected works vol 2 presents a rich tapestry of classical literature that illuminates the diversity and depth within the roman literary canon this anthology encompasses a wide array of themes from the political discourse of julius caesar and suetonius to the philosophical musings of seneca and saint augustine readers will find themselves immersed in the poetic eloquence of virgil and horace as well as the satirical sharpness of juvenal and martial through its curated selection of historical philosophical and satirical works this volume provides a comprehensive overview of roman literary traditions and their lasting impact on western thought the anthology draws together voices from an impressive array of backgrounds each contributing uniquely to the collection s thematic richness figures like cicero and tacitus reflect the influence of roman rhetoric and historiography while writers such as pliny the younger and quintilian exemplify the philosophical and educational ideals of the time these works collectively speak to cultural and historical movements that shaped their era including stoicism the dynamics of the roman empire and the christianization of late antiquity this diversity not only highlights individual authors contributions but also sheds light on the evolution of roman society yale required reading collected works vol 2 is an essential resource for anyone wishing to explore the multifaceted perspectives of roman literature it invites readers not only to engage with seminal texts that have shaped literary and philosophical traditions but also to appreciate the complexity and nuance within each work whether for educational purposes or personal enrichment this anthology offers a gateway to the profound dialogue between these enduring classics making it a truly enlightening addition to any reader s library

authoritative and lavishly illustrated this best selling reference returns in a fourth edition with comprehensive coverage of the current imaging strategies for the evaluation of disease processes affecting the temporal bone and its intricate anatomy new in this edition is a highly practical how to chapter that presents imaging modalities and technical parameters for ct and mri as well as an overview of the role of plain film radiography ultrasound pet and pet ct the chapter then addresses major clinical indications providing step by step descriptions of how to protocol each case how to interpret the studies and how to report findings the remaining chapters thoroughly cover specific anatomic areas of the temporal bone separately each chapter places special emphasis on gaining a solid foundation of the normal anatomy and anatomic variations it then discusses imaging protocols and image evaluation for specific clinical problems highlights practical discussion of standard techniques protocols and special considerations for imaging using ct and mri in depth coverage of both common and rare conditions clinical insights from international authorities in the field more than 1 500 high quality illustrations and images including ct mri and vascular images using cta mra and conventional catheter angiography this book is an essential reference for a multidisciplinary approach to assessing diseases affecting the temporal bone it is an ideal resource for all radiologists neuroradiologists head and neck radiologists and residents in these specialties it is also valuable for otolaryngologists

otologists and head and neck surgeons
