prehistoric foragers conquistadors missionaries adventurers hunters and rugged agriculturalists parade across the histories of these little known islands on the horizon of twenty first century southern california this chain of eight islands is home to a biodiversity unrivaled anywhere on earth in addition the channel islands reveal the complex geology and the natural and human history of this part of the world from the first human probing of the continent we now call north america to modern day ranchers vineyardists yachtsmen and backpackers not far below the largely undisturbed surface of these islands are the traces of a california that flourished before historical time vestiges of a complex forager culture originating with the first humans to cross the bering land bridge and spread down the pacific coast this culture came to an end a mere 450 years ago with the arrival of spanish conquistadors and missionaries whose practices effectively depopulated the archipelago the largely empty islands in turn attracted

anglo american agriculturalists including frederic caire chiles s own ancestors who battled the elements to build empires based on cattle sheep wine and wool today adventure tourism is the heart of the islands economy with the late twentieth century formation of channel islands national park which opened five of the islands to the general public for visitors and armchair travelers alike this book weaves the strands of natural history island ecology and human endeavor to tell the channel islands full story

a field guide for seeing and understanding the city of angels this book includes candid commentary sprinkled with anecdotes history and little known facts written for career diplomats stationed in los angeles it is a vehicle for understanding america s second most populous metropolitan area and its diverse population it is also a lexicon of los angeles s well known and not so well known sites

southern california has long been promoted as the playground of the world the home of resort style living backyard swimming pools and year round suntans tracing the history of southern california from the late nineteenth century through the late twentieth century the frontier of leisure reveals how this region did much more than just create lavish resorts like santa catalina island and palm springs it literally remade american attitudes towards leisure lawrence culver shows how this culture of leisure gradually took hold with an increasingly broad group of americans and ultimately manifested itself in suburban developments throughout the sunbelt and across the united states he further shows that as southern californians promoted resort style living they also encouraged people to turn inward away from public spaces and toward their private homes and communities impressively researched a fascinating and lively read this finely nuanced history connects southern californian recreation and leisure to larger historical themes including regional development architecture and urban planning race relations indian policy politics suburbanization and changing perceptions of nature
