the history of clothing begins with the origin of man and fashionable dress can be traced as far back as 25 000 years ago recent scientific explorations have uncovered graves in northern russia with skeletons covered in beads made of mammoth ivory that once adorned clothing made of animal skin the ancient egyptians greeks and romans each made major contributions to fashion s legacy from their textile innovations unique clothing designs and their early use of accessories cosmetics and jewelry during the middle ages fashion trends emerged as trade and commerce thrived allowing the merchant class to afford to emulate the fashions worn by royals however it is widely believed that fashion didn t became an industry until the industrial and commercial revolution during the latter part of the 18th century since then the industry has grown exponentially today fashion is one of the biggest businesses in the world with hundreds of billions of dollars in turnover and employing tens of millions of workers it is both a profession an industry and in the eyes of many an art the a to z of the fashion industry examines the origins and history of this billion dollar industry this is done through a chronology an introductory essay a bibliography and hundreds of cross referenced entries on designers models couture houses significant articles of apparel and fabrics trade unions and the international trade organizations

from the first animal skin body coverings to today's high fashion collections fashion has held an important role in the evolution of mankind the fashion industry has and continues to make major contributions to our cultural and social environment it is an industry that responds to our inherent longing for tribal belonging our socio economic needs individual lifestyles status stratification and profession apparel requirements the fashion industry is fast paced complex and ever changing in response to consumer needs throughout the world vast numbers of people contribute to this industry each with the shared goal of supplying an end product of a particular price point directed at a target consumer this second edition of historical dictionary of the fashion industry contains a chronology an introduction appendixes and an extensive bibliography the dictionary section has over 1 400 cross referenced entries on designers models couture houses significant articles of apparel and fabrics trade unions and the international trade organizations this book is an excellent resource for students researchers and anyone wanting to know more about the fashion industry

italy remains an enigma for many observers recent social trends in italy 1960 1995 the sixth volume from the international comparative charting of social change program provides a new and convincing schema for its comprehension it shows that three essential institutions have structured and unified italian society the family the church and political parties while the state remains a weak institution it is important as a regulator of the economy and of society through the welfare state the book which contains a long introduction by alberto martinelli on the uneven modernization of italy shows the usefulness of analysing social change through study of a series of macro social trends these trends range from life style structures to fertility leisure consumption inequality religion and family among others this sixth national profile provides more arguments in favour of a hypothesis of diversification rather than convergence of modern societies as henri mendras writes in the preface of the book the more we change the more we remain ourselves that is the conclusion of our comparative research and the italian study provides further ample proof of it

annual report reviewing international migration trends in selected oecd and east european countries varying periods 1950 with selected trends from 1911 includes data on migration flows resident foreign workers and population workers abroad naturalizations and refugees and asylum seekers by country or world region of origin and destination also includes data on residence and work permits by type foreigners in illegal or irregular situations foreign students international intra company transferees total population old age dependency ratios immigrants to countries having same official language as country of origin and selected comparisons to total or native population by selected country or country grouping

examines the landscape climate weather population culture and industries of italy

each vol presents 10 years of statistics
